

Challenges of the 21st century and how to deal with it

Belonging to the Family

- + The family is the building block of the society, and it is very important to feel that we belong to our family.
- + A true faithful Christian, always thinks about their family. They are not selfish; giving before taking or even without taking. They show appreciation for their parents, and their great deeds for their happiness, fulfilling their needs and providing them with a comfortable life. Accordingly, they would not do any thing that would embarrass their parents, brothers, or sisters.
- + This boy or girl who goes astray and leaves his/her Christianity...does she/she care about his/her family? Does he/she care about the reputation of the family and how much this would impact on the future of its members? The answer would be: of course, NO. He/she feels like a stranger, doesn't belong to this family!!!!
- + Dear brother and sister love your family members with all your heart. You will never find someone who loves you more than them. Stick to your family, your parents, your brothers and sisters, support them when they need support, help them when they need help. Be warned, not to leave them.
- + "But if any provide not for his own, and specially for those of his own house, he hath denied the faith, and is worse than an infidel" [1 Timothy 5:8]
